Pat Smith and Janie Cooksley are cycling from John O'Groats to Land's End in April 2006 to help the Friends of the Royal Cornwall Hospital raise £60,000 for a CT head scanner for the Royal Cornwall Hospital at Treliske, Truro. Patients with brain tumours, strokes and head injuries would benefit hugely from this piece of equipment, which enables early diagnosis and treatment, giving them much better chances of recovery.

We would be grateful if you could make a pledge of money now, which we can either collect immediately or contact you after our ride for payment.

Your generous support is most appreciated.
